Frontend Web Development

About the Course Program

This course prepares learners to design and build responsive, interactive websites and applications. It covers HTML, CSS, JavaScript, and frameworks like React, equipping learners to deliver user-focused digital solutions.

Delivery: Virtual instructor-led classes and hands-on projects

Certification Requirement: Completion of projects and minimum attendance. Earn a minimum passing grade of 70% in each Course Topic assessment

Career Paths: Frontend Developer, Web Designer, UI Developer, React Engineer

Recommended Study Time: Minimum of an hour personal daily study time during week days and 5 - 6 hours intensive training during weekend

Program Duration: 8 - 10 weeks

Who Can Attend?

This program is designed for:

- Beginners interested in web development

- Graphic designers transitioning to coding
- Students seeking tech careers

Pre-requisites

- Familiarity with basic computer operations
- No coding experience required

Detailed Course Overview & Topics

- **Module 1: HTML & CSS Fundamentals:** Master the basics of HTML for structuring web pages and CSS for styling.
- **Module 2: Responsive Design & Frameworks:** Learn to build websites that look great on any device using CSS frameworks like Bootstrap.
- **Module 3: JavaScript & DOM Manipulation:** Get hands-on with JavaScript to add interactivity and dynamic behavior to web pages.
- **Module 4: React.js Fundamentals:** Learn the core concepts of React.js, including components, state, and props.
- **Module 5: Practical Project - Building a Responsive Landing Page:** Create a complete, responsive landing page from scratch.
- **Module 6: Consuming APIs:** Learn how to fetch and display data from APIs to build data-driven applications.
- **Module 7: Capstone Project:** Build a multi-page React application, such as a simple e-commerce site or a portfolio.

On Completion of this Course, You'll Walk Away With:

1

Ability to build and deploy modern websites

2

Proficiency in HTML, CSS, JavaScript, and React

3

A portfolio of live projects
